Introduction

- As part of the Trust and School's statutory and corporate functions, we process special category data and criminal offence data in accordance with the requirements of Article 9 and 10 of the General Data Protection Regulation ('GDPR') and Schedule 1 of the Data Protection Act 2018 ('DPA 2018').
- Special category data is defined at Article 9 GDPR as personal data revealing:
 - Racial or ethnic origin
 - Political opinions
 - Religious or philosophical beliefs
 - Trade union membership
 - Genetic data
 - Biometric data (where used for identification purposes)
 - Data concerning physical or mental health, or
 - Data concerning a natural person's sex life or sexual orientation.
- In addition, we treat Pupil Premium/Free School Meal Status as if it is Special Category data as recommended by the Department of Education as we recognize that data subjects expect this information to be particularly private.
- Article 10 of the UK GDPR covers processing in relation to criminal convictions and offences. In addition, section 11(2) of the DPA 2018 specifically confirms that this includes personal data relating to the alleged commission of offences or proceedings for an offence committed or alleged to have been committed, including sentencing. This is collectively referred to as 'criminal offence data'.
- Some of the legal conditions for processing special category and criminal offence data require us to have an Appropriate Policy Document ('APD') in place, setting out and explaining our procedures for securing compliance with the data protection principles and to have policies regarding the retention and erasure of such personal data.
- This document satisfies the requirement of Schedule 1, Part 4 of the DPA 2018 and explains our processing of special category and criminal offence data.
- In addition, it provides some further information about our processing of special category and criminal offence data where a policy document isn't a specific requirement. The information supplements our privacy notices (which are available on our website).

Conditions for processing special category and criminal offence data

We process special categories of personal data under the following GDPR Articles:

8. Article 9(2)(a) – the data subject has given explicit consent to the processing (when none of the other lawful basis apply).
9. When we seek consent, we make sure that the consent is unambiguous and for one or more specified purposes, is given by an affirmative action and is recorded as the condition for processing. Examples of our processing that require consent include pupil and staff dietary requirements or consent for pupil pastoral support.
10. Article 9(2)(b) – processing is necessary in the field of employment law.
 - An example of this processing includes staff sickness absences.
11. Article 9(2)(c) - processing is necessary to protect the vital interests of the data subject or of another natural person.
 - An example of this would be using health information about a member of staff in a medical emergency.
12. Article 9(2)(f) – for the establishment, exercise or defence of legal claims.
 - Examples of our processing include processing relating to any employment tribunal or other litigation.
13. Article 9(2)(g) - reasons of substantial public interest.
 - School are public authorities. Our role includes the education and safeguarding of pupils. Our processing of personal data in this context is necessary for the carrying out of our role. An example of our processing includes processing pupil health information in order to ensure pupils receive appropriate education taking into account any additional health needs they have.

 - Examples of our processing of criminal offence data include pre-employment checks and declarations by an employee in line with contractual obligations or being informed about a parent's criminal convictions where that may affect the safeguarding or wellbeing of relevant pupils. At some schools we also process CCTV data which may include footage of alleged criminal offence data. We process this under the Data Protection Act 2018 Schedule 1, Part 2 subsection 10 and Part 3 subsection 36 (substantial public interest in relation to any criminal category data).

17. Almost all processing of special categories of data for purposes of the substantial public interest, plus processing of special categories of data for purposes of employment law, social security law and social protection law, require an APD.
